

Grant Thornton

An instinct for growth™

Business Consulting

Supporting strategic and people performance across dynamic businesses

The fundamental elements which drive organisational development include performance enhancement and people development. As dynamic organisations grow in market presence and prominence, so does their need to continue improving performance and its people strategy.

Our team of business consultants have worked with growth-oriented businesses to drive change whilst optimising cost.

Our services include:

Innovation strategy development

In volatile and challenging times, sound strategic consulting becomes a critical factor to develop, defend and sustain to maintain a competitive advantage.

We help you innovate new products, services, processes and business models to remain effective and relevant in an ever changing market.

Supply chain enhancement

We help you link the way you deal with suppliers and customers to business objectives, aid you to set goals, whilst helping define key components of the strategy such as new processes, behaviours, skills, measures and information requirements. Additionally, we educate you on the latest supply chain management concepts which are available.

Shared service centre set-up *(outsourcing & off-shoring)*

Cost optimisation is a performance improvement approach that enables an immediate and sustainable cost reduction. Our teams are well-versed with developing outsourced and off-shore shared service centres which reduce cost and improve efficiency.

Business case development

Project management is naturally complicated, but it can be devastating if you do not have sufficient support from stakeholders or a well-constructed supporting business case. Writing a robust and compelling business case can secure value-driven benefits. Our team, helps you develop a robust case to convince project stakeholders.

Employee surveys

We provide a holistic approach to human capital management – from personnel evaluation to employee surveys. Our services are designed to support the development of high performing and influential individuals, teams and organisations. Our surveys are innovatively crafted to unveil hidden talent and potential performance improvement areas.

Succession planning

Our succession planning and management services involves an integrated, systematic approach to identifying, developing and retaining employees in line with the current and projected business objectives.

Personnel development

Our services have been developed to meet your changing needs in this fast changing global economy. Where the performance of people is such a decisive factor to success, we help mobilise hidden talents to ensure you achieve your strategic objectives.

Our clients get the very best that Grant Thornton has to offer

At Grant Thornton, we provide advisory services for all aspects related to business operations, improving its manageability and enhancing performance.

The scope of our services covers a full matrix to aid the management decision making process from strategic planning, financial management and reporting, to HR advisory and achievement of operational excellence.

We bring proven diagnostic tools and methodologies and are focused on achieving world-class standards that you can rely upon when putting strategic objectives in practice and running your day-to-day business.

Through our commitment to high quality, strict timeliness and relentless pursuit for perfection, we work with you to identify any areas of improvement and unleash hidden potential for your business.

About us
